

Chad Weaver

PROFILE

Data analyst with 5+ years of experience in performance reporting and analytics, focused on making data usable — clean definitions, reliable reporting, and clear visuals that help people make decisions. Experienced in recurring executive reporting, self-serve dashboard development, and metric alignment across cross-functional teams. Eager to apply these skills in a mission-driven environment where data clarity drives real impact.

EXPERIENCE

INSIGHTS ANALYST, MCDONALD'S | CHICAGO, IL
FEB 2022–PRESENT

- Produce monthly executive reporting including MBR slides with global delivery KPIs, risk flags, and leadership context
- Build, own, and continuously improve a global delivery dashboard, ensuring metrics are clearly defined, quality-checked, and trusted by stakeholders
- Align cross-functional teams on metric definitions, document data logic, and resolve reporting discrepancies
- Use SQL to query large datasets, developing reliable and scalable data sources for reporting and ad-hoc analyses
- Translate complex data into clear, digestible presentations for non-technical audiences to support informed decision-making
- Experiment with AI tools to automate recurring reporting tasks and improve workflow efficiency

DATA ANALYST, DIVVYDOSE | CHICAGO, IL
NOV 2021–FEB 2022

- Developed performance-driven dashboards in Looker, providing actionable insights for data-driven decision-making
- Conducted analyses using LookML, Excel, and Google Sheets to identify opportunities for process improvements

DATA ANALYST, STERICYCLE | CHICAGO, IL
AUG 2020–NOV 2021

- Developed and maintained automated revenue operations reporting and analytics using Tableau and Alteryx, optimizing sales performance and driving profitability
- Led a project to enhance data availability by digitizing contracts and applying text mining techniques, enabling improved data accessibility and searchability
- Identified a significant pricing data error, quantified financial impact, and communicated findings to leadership

SKILLS

- **CORE TECHNICAL:** SQL (complex queries, large datasets) • Excel • Google Sheets • Python
- **DATA VISUALIZATION & BI TOOLS:** Tableau • Looker • LookML
- **ETL, AUTOMATION, & DATA PIPELINES:** Alteryx (ETL, data prep, automation)
- **DATA WAREHOUSING:** AWS Redshift • BigQuery
- **ANALYTICS & COMMUNICATION:** Data storytelling • Performance reporting • Cross-functional collaboration
- **AI & AUTOMATION TOOLS:** LLMs (Claude, ChatGPT) • Prompt engineering • Workflow automation

CERTIFICATIONS

- Google BI Professional, Mar 2025
- DataCamp SQL Associate, May 2024
- Tableau Desktop Specialist, Jan 2022
- Alteryx Designer Core, Dec 2020
- IIBA Entry Certificate in BA, Mar 2019

EDUCATION

BS, INFORMATION & DECISION SCIENCES
UNIVERSITY OF ILLINOIS AT CHICAGO

- Honor's college graduate
- Graduated cum laude
